

homework

In Year 5 children are expected to complete 5 pieces of homework per week

Reading

In Key Stage Two, children should still read daily and take the opportunity to discuss what they have read with an adult whenever possible. Visiting the library can foster a love of reading.

Extra activities...

For those who like to do a little extra, try the lessons and games on www.mymaths.co.uk - a great resource to help maths, especially for people who tend to shy away from numbers! For English, www.bbc.co.uk/bitesize/ks2/english/ has some fabulous interactive resources to help consolidate and build on some of the work done in school.

Children should aim to be responsible for their own learning. Some may practise musical instruments or attend clubs which will obviously broaden their horizons still further. The class reward system is linked to completed homework, so please let us know if you have trouble, either by providing a note or emailing the office at office@berkswell.solihull.sch.uk

Year

How can parents help?

- 1 - By showing an interest you are helping your children to learn that school work is important and needs to be taken seriously.
- 2 - Encourage children to complete homework to the best of their ability.
- 3 - Express high expectations to children from an early age.
